

## City-provided Services

From answering your first basic inquiries, to providing guided tours of the City, to helping you identify the many sources of available financing, the staff of the City of Hazleton's Office of Community and Economic Development looks forward to serving you in all of your business location and expansion needs.

Services and referrals available through our office include:

- Site location and selection assistance
- Business plan development
- International trade leads and market identification
- Workforce development
- Government contract procurement

Regardless of your needs, small or large, we'll either help or point you in the right direction to find an answer.

When you make your next business move, let Hazleton's Office of Community and Economic Development be your partner!
