

Come Home to Downtown Hazleton!

"Come home to Downtown Hazleton!"

It's more than a slogan... it's an invitation for you to discover all that Hazleton has to offer... whether you grew up in Hazleton, or have never been here at all.

You'll see that our downtown is in the midst of a vibrant revitalization.

Old buildings are being renovated. New buildings are being constructed. And new businesses are springing up all over.

Soon, you'll also see a new look for Broad Street (State Route 93), the main street which runs the length of our downtown. A multimillion dollar project will create better traffic flow, while also improving the downtown's appearance.

Whether you choose to locate directly in our downtown, or somewhere off the beaten track, you and your employees will enjoy all the benefits of living in a progressive community!
